instrument sharpening & repair order form

Instructions for completing Order Form:

1. Review our Price List on www.gSource.com.
2. Where indicated on page 1 of this Order Form, note quantity, instrument part number, instrument description and the repair code referenced on our Price List.
3. Complete your full contact information and ship to address for the return shipment on page 1 of this Order Form.
4. For any repairs not listed on our Price List, include an explanation of the requested repair in the Instrument Description column on page 1 of this Order Form. We will provide you with a quote for your approval prior to repair.
5. Sterilize instrument prior to shipment to gSource. All returns must be accompanied by a Certificate of Sterilization. See www.gSource.com to print and complete the Certificate of Sterilization.
6. Enclose the completed Order Form and Certificate of Sterilization in the package with the sterilized instrument needing sharpening or repair and ship via prepaid shipping to gSource at the address listed below.

After sharpening and/or repair of your instrument is completed, you will receive an invoice for payment. Payment must be received prior to shipment of your repaired instrument. We accept VISA, MasterCard and AMEX credit card payments. When you receive your invoice, please contact gSource Customer Service at 800-978-1119 with your credit card payment information. Our default ship method is UPS Ground unless an alternate method is specified.

gSource Repair Warranty

Instruments repaired by gSource repair technicians are guaranteed to be free from defects in material and workmanship for 90 days when used for their intended surgical purpose. Any repair that proves defective in workmanship or material within this 90 day period will either be repaired again or replaced, at the discretion of gSource, without charge. Instruments must be cleaned and sterilized prior to returning to gSource.

This warranty is void for gSource instruments serviced by any person or facility other than gSource. Warranty is not valid for gSource instruments that prove defective as a result of improper care and cleaning or misuse.

If you have any questions, please contact the gSource Repair Center at 800-978-1119 or repair@gSource.com.
